Roles of PSG

Supportive Partner in Education

The PSG Complements the school by aligning with the school's objectives, supporting and strengthening the school's programmes to improve our children's well-being and learning.

Bridge Between Parents and School

The PSG listen to parents' feedback on school operations, practices and programmes and provides feedback to the school. The PSG also facilitates the school's communication to parents.

Magnet to Attract Other Parents

Parents who are actively involved in the PSG are better able to reach out to the other parents and involve them. Over time, more parents can contribute to make the school environment more conducive for learning.

Contributing to the school

‘3 T’ s

- Time
- Talent
- Thoughts

Community among parents

- Befriending Program
- Breakfast meetups
- Gardening activities
- Parenting Talk
- Reading Ambassadors
- Breakfast with Dads
- Facebook Page
- Telegram (In the pipeline)

A New Beginning with The “Mask”eteers

School activities for 2022

- 1. P1 - 1st week of school**
- 2. CNY celebration**
- 3. Total Defense Day**

and many more. We will share with all PSG members via email

PSG Initiatives

- 1. Parenting Talk**
- 2. Gardening**
- 3. Befriending Program – By Ai Vee (Vice Chairperson)**
- 4. Reading Ambassadors program**
- 5. Breakfast with Dad**
- 6. “ECA” for everyone in PSG**

Parents' testimonials

Linda (Parent of 1 Frank)

I have been Volunteering Reading Mom and events in school as a PSG member since when my Son joined Primary 1 in 2021 . when I asked the question, "Why should I join PSG ? " to myself .

I got this answer, one of the reason for me to join PSG was to get a first-hand view of happenings in the school . In that way, I get to interact with my Son in school and hence , see how he interacts with his peers. I feel that when I am more involved in the school,my son enjoys school more. Being PSG is an opportunity to grow with our child , as a parent and with the school community as a whole . In participating with its activities , we are able to show our support to children and set a good example to them . I enjoy meeting like-minded parents in various events. Being a PSG is certainly an enriching experience , I get a chance to build stronger relationships with the children, parents and teachers .

It is your chance to work hand in hand with the school by supporting its activities for the benefit of your children....

Joining PSG is a journey , It is a once in a lifetime experience to take part in your child life outside your home ..

Believe me , it is worth it ..

Thanks to PSG .

Parents' testimonials

Claudia Lin (Parent of 1 Galileo)

As a full-time working mother, I don't feel that I have the time to support activities in school but I have always wanted to know how and what my child is doing in school.

However, my perception changed after I joined PSG. I realised I do not need to give a lot of time to help support the activities that PSG are doing in school. During the friendship week, I volunteered to help out in the activities that the PSG Friendship Week Committee has planned. All I did was took half day leave and supported the activities with other parents. Through these activities I met more like-minded parents and also shown my child that mummy is supporting his learning journey in school.

I also volunteered to help in "RICH for your dreams" committee, we spent time after office hours brainstorming for ideas and sharing on what resources we know to help create activities for students to explore and learn about the different occupations. I made many new friends and love the work we managed to create together as a team.

I hope more parents can come join PSG and support your child's learning journey! No amount of time is too little as your child would be really happy to see you in school even if its just to say "Hi and Bye!"

Parents' testimonials

Loke Chee Kit (Parent of 1 Galileo)

What makes you join PSG?

I was encouraged to join because I had a skill that they needed at the time.

Do you regret volunteering for PSG?

Of course not! Volunteering allows me to connect with the school and make new friends. I realize that I don't need a lot of time to help out.

What would you like to share with P1 Parents about PSG?

I recommend all P1 families to join PSG.

1. It is a big family that cares for each other and has fun activities. What's more, it helps you to understand your child better. In addition to giving you insights into your child's school activities, you will also receive parenting tips!
2. The events and activities of the school are readily available to me.
3. Making an impact on the children's lives and giving back to the community is a joy.
4. Volunteering is rewarding when a child thanks you after an event or remembers you afterward.
